N'Joy Seafood new web site goes live!

N'Joy Seafood was established in September 2017, as a joint venture between Dalian Rich Group in China, and Seafood Sales with its office address in Frederikshavn, Denmark.

Our mission is to carry stock of the most popular Wild-Salmon products, for wholesalers and industrial customers in Europe. The stock will always, and only be sustainable MSC certified fish.

You can buy the quantity you need and when you need it, no more, no less. No more waiting 8-12 weeks for a container being from China.

This is the essence of "Seafood Wrapped in Good Service".

Please check out our brand new web site.
