FRESH THINKING. SMART SEAFOOD.

Aqua Star is a privately owned seafood company headquartered in Seattle, Washington.

Founded in 1990 by seafood industry experts who still manage the business today, Aqua Star is one of the leading suppliers of frozen seafood in North America, and one of the largest retail frozen seafood brands. At Aqua Star, their passion for seafood is evident throughout the entire supply line. From the moment the fish they catch leaves the water, to the time it reaches their customer's plate, their mission is to understand and specialize in every step along the way, and to use that expertise to bring their customers great tasting, superior quality seafood. At Aqua Star, their employees are seafood experts in sourcing, processing, quality assurance, product development, sales, and marketing, and are located across the globe in 17 countries.

Dedicated product development experts constantly adapt Aqua Star's product line to match ever-changing consumer needs, emerging market trends, and unique customer requests. Additionally, onsite Aqua Star employees implement product and processing standards while monitoring facilities and products for quality and consistency.
