Fishermen's union to hold protest against indiscriminate fishing of juvenile anchovies

A protest will take place in front of the Imarpe and Produce offices. They are demanding that resource protection be prioritized for future fishing seasons.

- How much does it cost to build an 80 m² house in North Lima, according to an engineer?
- Find out the prices in Comas, Carabayllo, Los Olivos, and other districts.
- Adults over 65 in Peru can access this economic benefit with one key requirement.

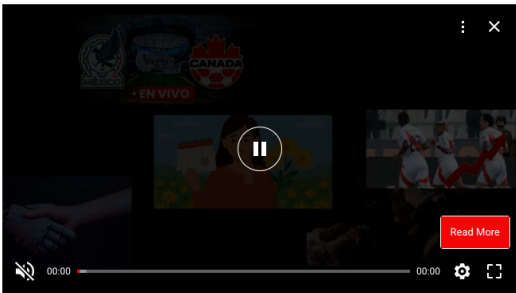

During exploratory fishing, a concentration of over 70% of anchovies was reported to be smaller than the permitted catch size (12 cm). Photo: LR/Jazmin Ceras

The Peruvian New Vessel Fishermen's Union (**Supnep**) and the Peruvian Motorcyclists, Officers, and Fishermen's Union (**Sumopp**) have announced a protest this Monday, December 18th, starting at 9:00 a.m. in front of the **Peruvian Marine Institute (IMARPE)** and the Ministry of Production (**PRODUCE**) to demand an end to the current fishing season. They point out that there is a **high incidence of juvenile anchovies that are being indiscriminately preyed upon, which would affect the conservation of the resource.**

"We are fishermen, not predators," union spokespersons state. They also demand that authorities prioritize preserving the sustainability of anchovy biomass in the north-central region for future seasons, which could also be affected by the El Niño phenomenon.

YOU CAN SEE: High presence of juveniles reported in the second fishing season

CONVOCATORIA

Ante la nula y ausente respuesta del Ministerio de la Producción y del IMARPE sobre el pedido de cierre de la segunda temporada de pesca de la zona norte - centro 2023 por la elevada captura diaria de anchoveta juvenil y peladilla, el Sindicato Único de Pescadores de Nuevas Embarcaciones del Perú (SUPNEP) y el Sindicato Único de Motoristas, Oficiales y Pescadores del Perú (SUMOPP) convocan a todos sus afiliados y no afiliados a realizar un plantón frente al local del IMARPE para exigir la inmediata conclusión de la actual temporada de pesca. Luego nos trasladaremos al frontis de PRODUCE para hacer sentir nuestra protesta a la ministra de la Producción.

Ambos sindicatos se unen nuevamente para buscar la preservación de la sostenibilidad de la biomasa de anchoveta y proteger la alta concentración de juveniles y peladilla del stock de anchoveta de la zona norte centro para futuras temporadas de pesca.

FECHA: LUNES 18 DE DICIEMBRE
