

Doing well by doing good

Over 35 years of history, still growing strong

Milestones — from strength to strength

1988

Founded by a UN aid worker in the deep oxygen-rich freshwater lakes of Java, Indonesia.

1991

Expanded into cage farming and opened our first hatchery.

1998

Started farming in Lake Toba, the world's largest volcanic lake.

1998

Welcome to Honduras

From a small local enterprise to #1 global force

● Aquaculture

● Sales Office

● Corporate Headquarters

Meet some of our “Regal Springs Heroes”

Key to our “doing well by doing good” mission are the 5,000 dedicated people whose efforts and commitment ensure our sustainably farmed tilapia consistently meet the highest quality expectations.
