Shop HPLC Systems Equipment, Parts and Supplies

[Request A Quote](#)

High-Performance Liquid Chromatography (HPLC) systems are essential for separating, identifying, and quantifying components in liquid samples, making them crucial in fields like pharmaceuticals, biochemistry, environmental testing, and food safety. LabX.com is the premier marketplace for buying and selling new, used, and refurbished HPLC systems. Find HPLC systems available for purchase online or send a quote request directly to one of our many reputable vendors. You can find a wide variety of new and used HPLC systems from top manufacturers such as Agilent Technologies, Waters, and Shimadzu.

How much do HPLC systems cost?

Prices for new HPLC systems typically range from \$15,000 to \$150,000, depending on the model, features, and manufacturer. Used HPLC systems offer a more affordable alternative, with prices generally ranging from \$2,500 to \$50,000, depending on the condition, age, and specific capabilities of the equipment.
