[1/13/24, 12:33:22 PM] Mer : Hi Team ,

May I know who identified it and can we meet to know the actual details of the happening,pls.

[1/13/24, 10:00:31 PM] Mer : @Joshua Sir apart from the above corrections investigated and found that a very tiny small dead insect is found which is also not acceptable and ensuring not to repeat but when digged into the details found it was zoomed and clicked.

Surely we can sort out all concerns *amicably* for good food to be available for us ,Thanks much

.Regards

[1/13/24, 10:01:33 PM] Joshua: I'm literally walking to the canteen right now to inspect.

[1/13/24, 10:01:55 PM] Mer : Thanks much Sir and noted

[1/13/24, 10:23:20 PM] Joshua: Please look into the cost for having all three meals on monday catered offsite and delivered to the factory. For the entire facility. If we don't have the cash on hand I will pay for it.

I want to use that day to have everything removed, fully scrubbed, pest control with spray, fogger, bait stations and traps in there.

[1/13/24, 10:30:32 PM] Mer : Yes Sir noted and will call you on this right now, can I

[1/13/24, 10:33:10 PM] Mer : Sir trying to reach you

[1/13/24, 10:37:35 PM] Joshua: I'll call you in 2 minutes
