

Hopefully it just got lost in my inbox but I don't think I saw a reply from anyone.

Someone needs to answer about whether or not we've had people sleeping in bare mattresses with no bedding.

Subject: Re: Mattress & Pillows & bed sheets issued from general store.

Someone please bring me up to speed here.

I see an email from Welfare dated the 11th requesting basic necessities that everyone needs. Then I see nothing else until today. The 20th.

Please tell me these people have not gone this entire time without simple things like sheets and blankets and pillows.

Subject:

Dear ma'am,

Since we have arranged 150 bed in both male and female. Therefore, we need pillows, bed sheets and mattress. Many are sleeping only on cots without mattress. We have been asked this many times to provide mattress, pillows, and bed sheets but till now we haven't relieved anything yet. Many are complaining because it's cold and they found it hard to sleep without mattress.

Therefore, we requested:

200 mattresses

200 pillows

200 beds sheet

We asked for extra 50 because the boys who came before they did not receive any mattress nor pillows.

We required urgent response to this matter.

Thank you
Best regards,
Welfare trainee
